FABRIC CHRISTMAS TREE

supply list:

Styrofoam cone. Small, medium or large. I used medium

Fast drying fabric glue. Glue gun works well but can hurt.

Fabric scissors

Wool strips or a similar fabric in colors you like. These will be best cut on bias, but any “giveable” fabric can work. Strips will be cut in about one inch widths. I have very few, but will bring them.

Decorations for the tree. Tiny buttons, findings, jewels, colorful headed straight pins, beads, etc.

I will bring as many electric plugs as I can find. May be enough for 6 plugs if using glue gun.

This project takes longer than we have time for, but it can be a start.

Claudia
